Advanced Diagnostic Equipment

Our centre adopts leading diagnostic technology for precision, safety, and comfort.

Esaote HD Ultrasound

High-performance diagnostic ultrasound with exceptional resolution, wide frequency range, and fine image detail. Contrast-enhanced ultrasound capable for advanced vascular and organ imaging.

Philips Sleep Monitoring

Tracks and analyses sleep stages, heart rate, and respiratory patterns. Helps identify sleep quality issues and guides improvements for better overall sleep health.

Philips Incisive 64-Slice CT

Cardiovascular imaging, virtual endoscopy, coronary artery calcium scoring, 3D reconstruction, and AI-powered lung nodule deep analysis for early detection.

Capsule Gastroscopy

Safe, painless, non-invasive gastric and small intestine examination. Magnetically controlled 360° visualisation with no anaesthesia required. Comparable sensitivity to conventional endoscopy.

Omron Arteriosclerosis Monitor

Segmental assessment of arterial stiffness and atherosclerosis progression. Provides early cardiovascular risk detection through non-invasive vascular screening.

Philips Ingenia Digital MRI

Full-body MRI/MRA capability, cardiac imaging, and pseudo-PET screening for early tumour detection. Advanced digital platform delivering exceptional image clarity across all applications.

The HYA Wellness Advantage

Three pillars that define the premium standard of your health journey.

1

Advanced Diagnostic Equipment

Internationally recognised technology for precision screening

- Philips Ingenia Digital MRI — full-body MRI/MRA, cardiac imaging, pseudo-PET tumour screening
- Philips Incisive 64-Slice CT — coronary calcium scoring, AI lung nodule analysis, 3D reconstruction
- Esaote HD Ultrasound — contrast-enhanced, multi-organ diagnostic imaging
- Magnetically Controlled Capsule Gastroscopy — non-invasive, 360° visualisation, no anaesthesia
- Omron Arteriosclerosis Monitor — segmental vascular stiffness assessment
- Philips Sleep Monitoring — sleep stage, heart rate, and respiratory analysis
